

WHAT OUR STUDENTS SAY

Learning French is more than just classes – it's an experience, an exchange, an immersion. And our students say it best:

My experience was not only professional and scholastic: at **Les ateliers FL** I felt part of a big family. In addition to the topics covered which were based on social issues (and this is very important for developing the critical sense of us kids), the lessons were always pleasant, with moments of snack breaks and chats with kids from other courses. The teachers and the director were able to involve us in everything, even in extra-curricular activities, and their help was fundamental. Guys, I recommend it with all my heart!

Chiara (Italy)

I really love **Les ateliers FL** because the au pair program helped me improve so much – and also meet new people and build great connections.
